Re: Price Changes to Contract 049083 UDOT Region 4

Dear Ms. Bolton,

As requested, included is corrected details with respect to how each locations rates are affected by the Iron County Landfill rate increase. The increase only affects those sites located in the Iron County areas. Please review and contact me if you need more information.

| • | Maintenance Station #4526 – Parowan | |
|----|--|-------------------|
| | 6 yard Dumpster | \$71.98 Monthly |
| • | Maintenance Station #4527 – 790 N Main, | - |
| | 6 yard Dumpster | \$107.00 Monthly |
| • | Maintenance Station #4531 – 800 N Main, | - |
| | 6 yard Dumpster | \$107.00 Monthly |
| • | Maintenance Station #4524 – 1510 N Bulldog, Cedar City | - |
| | 6 yard Dumpster | \$79.00 Monthly |
| • | Cedar District / Central Office - 1470 N Airport Rd., Cedar City | _ |
| | 6 yard Dumpster | \$79.00 Monthly |
| | Roll-off | \$316.07 Per Haul |
| • | Maintenance Station #4541 – Paint Shed Airport Rd. | |
| | 4 yard Dumpster | \$58.71 Monthly |
| •. | Maintenance Station #4523 – Beryl Junction Hwy 56 | |
| | 6 Yard Dumpster | \$100.94 Monthly |
| • | Maintenance Station #4543 – 1470 N Airport Rd., Cedar City | |
| | 6 yard Dumpster | \$79.00 Monthly |
| | | |

We certainly appreciated your business and are proud to guarantee service you can count on. Thank you for your patience and understanding of this matter.

Thank you,

Kathleen Peterson Customer Service/ Sales

February 21, 2005

Dear Valued Customer;

The Iron County Landfill has recently increased its disposal fee by approximately 96%. Our commercial trucks have previously been billed for 28 cubic yards of trash at \$4.00/yard or \$112.00/load. Currently, the same truck is billed for approximately 10 tons at \$22.00/ton or \$220.00/load. With this type of significant increase, we must pass along the cost to our customers. Consequently, a rate adjustment of an estimated 18% will be reflected in your March 2005 invoice. * Refer to the included Iron County Solid Waste letter for more detail.

We regret the necessity for this increase. The pricing must be sufficient enough to allow us to continue to provide timely and flexible services you can count on. Your understanding about this matter is appreciated.

Sincerely,

The Folks at Red Rock Waste Services

Iron County Solid Waste

P.O. Box 743 - 3127 N. Iron Springs Rd. - Cedar City, Utah 84721 435-865-7015 office - 435-586-5192 fax.

December 23rd 2004

To: Red Rock Waste Services 557 North Industrial Rd. St George, Utah 84770

The Iron County Commissioners acting as the board of the Iron County Special Service District #1 at their meeting on December 20th approved changing from the current process of accessing fees based on yardage volumes to a more fair and accurate weight system based on tons.

This new system will start February 1st 2005, you will receive your first statement using tonnages in March 2005, a copy of all weight tickets will be given to every customer as they cross the scales, we have been collecting empty weights for some time now but will require new empty weights on all new trucks and containers and on all current trucks and containers as needed to keep records up to date.

The new fees are as follows:

- *Class 1 Landfill MSW \$22.00 a ton
- *Mixed Loads Class 1 Landfill \$22.00 a ton
- **Class IVb Landfill \$17.00 a ton (clean loads only, Acceptable waste listed below) **
- *Metals Area \$17.00 a ton (Clean Loads Only)
- *Wood Area \$17.00 a ton (Clean Loads Only)
- *Grease Trap Car Wash \$17.00 a ton
- *Dead Animals \$22.00 a ton
- *Uncovered Uncontained Load Charge \$10.00 Resident
- *Uncovered Uncontained Load Charge \$25.00 Business
- *Special Handling Fee, (Small demands) \$25.00
- *Special Handling Fee, (Large demands) \$50.00
- *Pickup Truck or Single Axle Trailer \$5.00 C&D/ Business
- *All other vehicles will be weighed and charged at above fees.
- *Out Of County Waste Double Fee for waste type/disposal area

**As allowed in the permit issued to Iron County by the Utah Division of Solid & Hazardous Waste the only types of waste that can be disposed of at the Class IVb landfills are as follows,

Yard waste - brush, branches, clippings, leaves and grass.

Construction Wastes – waste generated from construction and includes building materials used in construction. Construction related materials include packaging materials from products, waste lumber,

TINDER MONTHER METTERS CONT. -7 - HERC

wallboard, boxes from appliances, empty paint cans, empty caulking tubes, and empty sealer and adhesive cans. "EMPTY" means that no more than 10% of the product remains in the container.

Demolition Wastes – waste generated from the destruction or remodeling of buildings and houses. Demolition wastes may include furnaces, pipes, ducting and water heaters. Furniture and other materials that are not part of the building structure must be removed before demolition.

Untreated wood, including pallets and crates.

Asphalt from roads and other surfaces.

Waste materials that are specifically Prohibited from class IVb landfills include the following:

Household Wastes, Contaminated Soils, Friable Asbestos, Tanks of any kind, Railroad ties, Cardboard not directly generated from construction or demolition activities, Furniture of all kinds, Metal not directly generated from construction or demolition activities, Electronics of all kinds, Treated Lumber (wood), Tires, Dead Animals.

To keep prohibited waste from being disposed of in the C&D class IVb landfills it will be necessary for the Business Name and the location of the container being delivered to the landfill to be disclosed to the scale attendant during the weighing and ticket generation process. This will help to prevent problems of waste being disposed of in the wrong areas, if a prohibited waste is found to have been dumped in the wrong area it will be placed back on the delivering vehicle and removed to the appropriate disposal area.

Any loads containing Hazardous Substances cannot be accepted. The entire load will be rejected and will be placed back on the delivering vehicle for removal and the necessary DEQ agencies notified.

For more information you can contact the Landfill Scale House or Landfill Office at 435-865-7015 between 8 am & 6 pm. Monday thru Saturday.

Class 1 Landfill hrs 8 am to 5 pm Monday thru Saturday for Commercial Haulers. Class IVb Landfill hrs 8 am to 6 pm Monday thru Saturday for Commercial Haulers.

2005 Landfill Holiday Closing Schedule.

New Years Jan. 1st, Memorial Day May 30th, July 4th, July 25th, Labor Day Sept.5th, Thanksgiving Day Nov.24th, Christmas Day Dec.26th.

Thank You

Kenneth Alan Wade
